

VAPORTEK® TECHNICAL DATA

Restorator Odor Neutralizer The Superior Alternative to Ozone Cleaning

Replaceable air treatment cartridge (sold separately)

SUGGESTED APPLICATIONS

- Fire/Flood Damage Restoration
- Contaminated Lodging Rooms/Areas
- Auto Rental Agencies
- Vehicle/RV/Boat Storage
- Detail Shops
- Cleaning Services
- Self-storage Warehouses
- Real Estate Services
- Crime Scene Services
- Meeting Rooms

IMPORTANT

This system provides a safe, effective alternative to ozone. It is not recommended for use with ozone-generating equipment.

PURPOSE

The Restorator is a simple-to-use, portable electric system that quickly, safely and effectively renews interior space. The Restorator uses Vaportek's patented essential oil membranes to release a non-toxic, odor-neutralizing dry vapor into the air. This penetrating vapor quickly controls and eliminates malodors from smoke, humidity, food and biological odors. Based on proven technology developed for use in medical facilities, the Restorator sets a new standard in interior space renovation.

PLACEMENT

The Restorator is intended for applications where quick results are desired. It is not designed for continuous, long-term operation. The Restorator should always be placed where air movement is greatest. As with any electrical device, do not locate or use on or around water. Use in plain view only. Keep away from extreme heat and from any source of ignition.

FEATURES AND BENEFITS

Easy portability and durable steel construction. No evacuation or recovery period is necessary with Vaportek technology. Spill-proof, patented, natural oil membrane system. The system does not create moisture or ozone, and will not harm fabric, rubber, adhesives, electrical components, or remove pigment from leather.

- ✓ **Simple to use** – Just uncap the cartridge, insert and turn on!
- ✓ **Works fast** – Odor neutralizer delivery is immediate.
- ✓ **Safe** – Does not use or create harmful ozone.

SELECTED SPECIFICATIONS

- Treats areas up to 20,000 cubic feet.
- Heavy-duty construction features 22-gauge vinyl-clad steel case and ABS end caps.
- Dimensions: 6.5"H x 5"W x 12"L (16 x 13 x 30 cm.)
- Weight: 3 lbs., 12 oz. (1.7 kg.)
- High Output Cartridge contains 150 grams neutralizing oil compound. S.O.S. (Smoke Odor Solution, #90-5150-85) or 3X Industrial (#90-5150) cartridges may be used.
- Available in 110V (#90-5000) and 12V (#90-5012) models.
- UL listed.
- Five-year limited warranty.
- Made by Vaportek in the USA.

Because of a constant commitment to product improvement, Vaportek reserves the right to change product specifications or availability without notice or obligation.

Introducing the New Restorator from Vaportek

The Superior Alternative to Ozone Cleaning

The Restorator uses a powerful blower and features a convenient carrying handle, as well as a superior dirt resistant finish.

The Restorator is a simple to use, portable electric device that quickly, safely, and effectively renews interior space with non-toxic technology. The Restorator uses Vaportek's patented essential oil membranes to release a non-toxic odor neutralizing dry vapor into the air. This penetrating vapor quickly controls and eliminates malodors from smoke, food, and biological odors.

Based on proven technology used in fire and flood restoration, the Restorator sets a new standard in interior space renovation. Also excellent for auto detailing and other tough odor contamination projects. The replaceable cartridge is rated for up to 200 hours of service.

The Restorator machine is made from tough steel construction with a composite handle.

- **Made in the USA • Two Year Warranty**
- **Available in 12V (car adapter) and 110V models**
- **Cartridges sold separately**

- **TESTED and PROVEN at auto detail shops.**
- **Safer than ozone or chemical fogging.**
- **Unlike ozone, the Vaportek Restorator will not harm fabric, rubber, adhesives or remove pigment from leather.**
- **The Restorator will not introduce any moisture into the treatment area, eliminating possible risk of damage.**
- **The Restorator removes odors safely and quickly and requires no recovery period after treatment.**

Introducing the New Restorator from Vaportek

The Superior Alternative to Ozone Cleaning

The Restorator is a simple to use, portable electric device that quickly, safely, and effectively renews interior space. The Restorator uses Vaportek's patented essential oil membranes to release a non-toxic, odor neutralizing, dry vapor into the air. This penetrating vapor quickly controls and eliminates malodors from smoke, food, and biological odors. Based on proven technology used in medical facilities, the Restorator sets a new standard in interior space renovation.

VAPORTEK 

SPECIFICATIONS

Simple to use:

Just uncap the cartridge, insert, and turn on! (Save the cap. Recapping after use will prolong product life.)

Works fast:

Odor neutralizer vapor delivery is immediate.

Safe - NO ozone:

Non-toxic natural oil cartridge is spill proof and creates no ozone. Does not damage leather, fabrics, rubber or adhesives like ozone machines can.

Treats large areas:

Treats areas from small automobile interiors to large rooms up to 20,000 cubic feet.

Economical:

37 CFM blower requires just 20 watts of power (110 V version). (Comparable output blower requires just three watts of power in the 12 V car adapter version).

Choose the strength you need:

Replaceable cartridge available in light output or high output strengths.

Dimensions:

6.5" high x 5" wide x 12" long (16 x 13 x 30 CM).

Weight:

Under 4.0 lbs. (1.7 KG) empty.

Made in USA.

UL Listed.

Two-Year Limited Warranty.

APPLICATIONS

- Fire and Flood Damage Restoration
- Contaminated Lodging Rooms/Areas
- Auto Rental Agencies
- Vehicle/RV/Boat Storage
- Detail Shops
- Car Washes
- Cleaning Services
- Self Storage Warehouses
- Real Estate Services
- Crime Scene Services
- Meeting Rooms

The Restorator is a versatile air treatment device. It is intended for applications where quick results are desired. Simply plug in, insert cartridge (with cap removed) and turn on. The vapor quickly penetrates all porous surfaces to neutralize imbedded odors such as smoke and food odors. The 12 V model has a cigarette lighter adapter plug for use in cars (it is not battery powered).

Restorator cartridges are available in two strengths. One time, light output variety (40 grams) – a value priced cartridge which is excellent for single use in restorator work, or for short bursts of use in car interior renovation (especially in the 12 V machine). High output variety (150 grams) – excellent for tough odor contamination and repeated applications. The high output variety is rated up to 240 hours of service.
